Vantage Onboarding

Quick guide to help you sign up and get started.

[Go to next page](#)

VANTAGE SIGN UP

1. Sign up

IMPORTANT: Below you will find the onboarding steps, including our code that you have to enter during the onboarding or IB transfer. If you were referred to us by someone, please use their unique code instead, as they are part of our network. If you were not referred by someone, always use our code mentioned below.

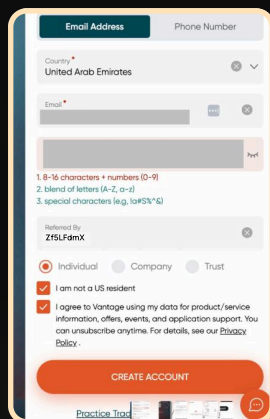

- Download the Vantage Application.
- Make sure you do not have a VPN switched on.
- If you do not have a Vantage account yet use the following link and code to start the sign-up process:

1. Link:

<https://vigco.co/la-com-inv/Zf5LFdmX>

2. Referral Code: (put this code in the field "Referred By")

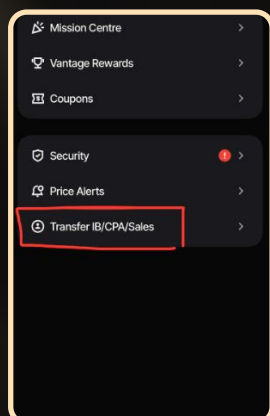

- **Zf5LFdmX**

COPY THIS CODE

3. after you have set up your Vantage account or If you already have a Vantage account use the following steps so everything is set up correctly

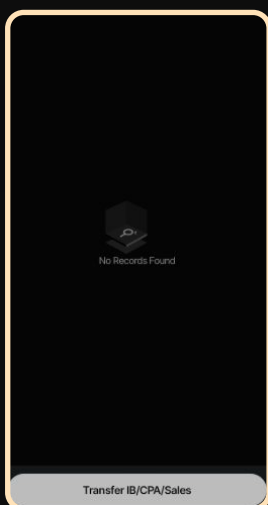

- Go into your Vantage account and click on your profile icon in the top left corner
- Click on transfer IB

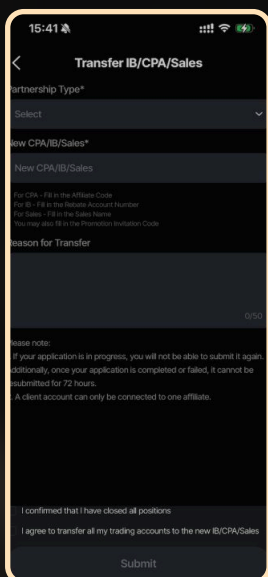

Please go to next page

VANTAGE SIGN UP

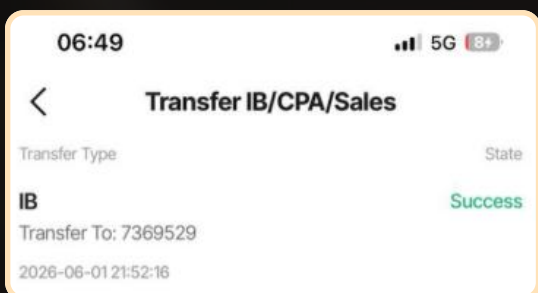

- On the next page click on the button below that says transfer IB

- Select the partnership type "IB." After that, copy the following referral code and enter it in the field below: **7369529** In the "Reason for transfer" field, enter "Following signals." Then click "Submit."

- After you have done this make a screenshot of the next page that will show the transfer status. Later in the onboarding process you will be asked to submit a screenshot, that screenshot has to be of this page

VANTAGE SIGN UP

2. Fill in your details

1. Fill in the registration form with your personal details
2. Create new live account
3. Account set up:
 - Account Type: Standard STP
 - Currency: USD
 - Nickname: Add your Name

3. Complete your KYC:

You'll need to verify your identity, usually a photo ID + proof of address.
Once that's approved, you're good to go!

4. Make your deposit

1. Click Funds Bottom right
2. Click CFD Choose account you have just created
3. Click Deposit
4. Select Live account
5. Deposit amount and click continue
6. Select Suitable Deposit type Local Bank Transfer, Crypto etc
 - Deposit Funds using the most suitable for yourself
 - Remember, your initial deposit can only be withdrawn to your original account due to money laundering
 - Profits can be withdrawn anywhere you choose

5. Setting up your MetaTrader 5 Account

1. Please Download MetaTrader5 MT5 app on your phone.
2. Log in using the details they would have sent to you on your email from Vantage.
3. You should then see your deposit amount available on the MT5 Account.

You are now ready to start trading.
