Copy Mode

Equivalent Used Margins

Investment Balance

\$300 Minimum

Used Margin Multiples

1.0

Risk Management

- Stop Loss
- 95%
- Take Profit (OFF)
- Lot Round-Up - OFF
- Copy Open Trades - OFF

Once Set Up:

You can view copy trader status by clicking:

1. Trade
2. Ongoing - This will display your current copy trader (**Fusion Strategy**)
3. If you click this, you will then see new options:
 - Positions: This will show any live trades in an open position. Please don't close these yourself. This is under control of fusion strategy and we will manage this for you
 - History: This will show all previous trades that have been completed.

[If you want to Manage any of your settings. Please press Manage.
Here you can add or remove funds and edit the copy trader settings.
Please do this carefully.]
