2. Create a new live account.
3. Complete the account setup:
 - Account Type: Standard STP
 - Currency: USD
 - Nickname: Add your name

3. Complete your KYC

You'll need to verify your identity, usually with a photo ID and proof of address. Once your verification is approved, you're good to go.

4. Make your deposit

1. Click Funds at the bottom right.
2. Click CFD and choose the account you have just created.
3. Click Deposit.
4. Select Live Account.
5. Enter your deposit amount and click Continue.
6. Select Suitable Deposit type (Local Bank Transfer, Crypto etc)
 - Deposit Funds using the most suitable for yourself
 - Remember, your initial deposit can only be withdrawn to your original account due to money laundering
 - Profits can be withdrawn anywhere you choose

5. Set up your MetaTrader 5 account

1. Download the MetaTrader 5 (MT5) app on your phone.
2. Log in using the details sent to your email from Vantage.
3. You should then see your deposit amount available in your MT5 account.

You are now ready to start trading.
