PREMIER SIGN UP

1. Sign up

IMPORTANT: Below you will find the onboarding steps including our link through which you can set up your account on Premier. If you were referred to us by someone please use their unique link instead, they are part of our network. If you were not referred by someone always use our link mentioned below.

1. Click this link to register: <https://secure.premiermarkets.com/register?ibid=72728>
2. After signing up please make a screenshot of your account so we know the set up was successful. If you could make sure that the screenshot includes the code at the end of our link that would be helpful so we can see if you have set up your account correctly. Later in the onboarding process you will be asked to submit a screenshot, you can submit this screenshot when you are at that final step.

A screenshot of a web browser showing the Premier Markets registration page. The URL in the address bar is 'https://secure.premiermarkets.com/register?ibid=72728'. The page has a white background with a red Premier Markets logo in the top left. The main heading is 'Registration. Use form below' with a subtext 'Please fill in your details to create a trading account'. Below this is a progress bar and the section 'Account Setup'. The form contains several input fields: 'First Name *', 'Last Name *', 'Email *', 'Password *' (with an eye icon), and 'Password Confirmation *' (with an eye icon). There are also three dropdown menus: 'MetaTrader 5', 'GBP', and 'Standard Account'. A red 'Next' button is at the bottom right of the form.

2. Fill in your details:

- Complete the registration form with your personal info and set up a Standard STP account.
- Preferably use USD as the currency.

3. Complete your KYC:

- You'll need to verify your identity, usually a photo ID + proof of address. Once that's approved, you're good to go!

4. Make your deposit:

1. Once KYC is done, you'll see the big red deposit button on the home page.
2. Go ahead and deposit when you're ready.

If opting for bank account transfer, please use the open banking option.
Select the Transvoucher option.

Minimum deposit is \$100.

5. Setting up your MetaTrader 5 Account

- Please download MetaTrader 5 (MT5) app on your phone.
- Log in using the details they would have sent to you on your email from Premier Markets.
- You should then see your deposit amount available on the MT5 account.
